

Confidentiality Policy

Sierra Vista Regional Health Center

Sierra Vista Regional Health Center practices a policy of strictest confidentiality in disclosing information regarding its patients/providers/staff. In the course of my activities at SVRHC, I may be privy to such confidential records. I may have access to such confidential information through patient records, personnel records, hospital computer systems, or other information sources in the facility. This information may pertain to patients, hospital staff, medical staff, admissions, accounts payable, SVRHC Board activities/members, etc. Except in such instances when I may be instructed by the Board of Trustees or Administration to disclose pertinent information, all such information, to include computer security codes/passwords, will be kept confidential.

I recognize and acknowledge the above-stated policy on confidentiality, and am signifying my commitment to that end by affixing my signature to this document.
