

Sierra Vista Regional Health Center Medical Student Rotation Information

Welcome to Sierra Vista Regional Health Center. The information below is provided for Medical Students who are interested in a rotation at SVRHC.

Application Process

The application form and other required documents can be downloaded from the website. Once you have reviewed the documents, please complete the entire application and all documents. Send the application and all documents to us using the contact information below.

Once we receive your application we will check to insure that there is an affiliation agreement with your school. If no affiliation agreement exists then it will take us approximately 60 days to complete the affiliation agreement with your school.

When the affiliation agreement has been verified we will provide you the information packet which contains information on how to arrange housing and a list of the required documentation which needs to be received by us at least 10 days before your starting date.

Thank you for your interest in rotating at SVRHC. If you have any questions about this process, please feel free to contact me.

Sincerely,

Maria Niemyer
Credentialing Specialist
