### Meeting Guidelines

We anticipate a respectful meeting, enabling the public to get answers to questions and SVRHC to receive input regarding the Integrative Network Agreement between Sierra Vista Regional Health Center and Carondelet Health Network. The following **will not** be allowed in the meeting:

- ▶ **Protestor Signs**
- ▶ **Video or Audio Recordings**
- ▶ **Out Loud Audience Reactions to Questions & Answers**

### Question and Answer Format

At the door, individuals desiring to ask a question during the “Question & Answer Session” will be given a numbered raffle ticket. One side of the ticket will remain with the individual and the other side placed into a rotating drum. Index cards will also be given out for individuals to write a question. Tickets will be drawn randomly and when a number is called, the ticket holder will come forward to ask the question. Individuals will be allowed 30 seconds to ask a question. If a person is uncomfortable speaking into a microphone, the question can be read by the moderator.

If questions remain unanswered at the end of the “Question and Answer Session,” written questions may be placed in a designated box. All of the questions received will be answered and printed in local media.
